Because KPIJCI and Astec Mobile Screens may use in its catalog & literature, field photographs of its products which may have been modified by the owners, products furnished by KPIJCI and Astec Mobile Screens may not necessarily be as illustrated therein. Also continuous design progress makes it necessary that specifications be subject to change without notice. All sales of the products of KPIJCI and Astec Mobile Screens are subject to the provisions of its standard warranty. KPIJCI and Astec Mobile Screens does not warrant or represent that its products meet any federal, state, or local statutes, codes, ordinances, rules, standards or other regulations, including OSHA and MSHA/GATOR, covering safety pollution, electrical, wiring, etc. Compliance with these statutes and regulations is the responsibility of the user and will be dependent upon the area and the use to which the product is put by the user. In some photographs, guards may have been removed for illustrative purposes only. This equipment should not be operated without all guards attached in their normal position. Placement of guards and other safety equipment is often dependent upon the area and the use to which the product is put. A safety study should be made by the user of the application, and, if required, additional guards, warning signs and other safety devices should be installed by the user, wherever appropriate before operating the products.
NOTE: SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

HARD-WORKING, ON-THE-GO EQUIPMENT.

When the job requires being on the move, track-mounted equipment from KPI-JCI and Astec Mobile Screens is the answer. Packed with many of the same features as our wheel-mounted and stationary plants, our track-mounted crushers and screens are engineered for toughness, efficiency, reliability and—most of all—maneuverability.

When the job requires high production and go-anywhere flexibility, put track-mounted crushers and screens from KPI-JCI and Astec Mobile Screens to work for you.

AGGREGATE AND MINING GROUP

ALL TRACK-MOUNTED EQUIPMENT FROM KPI-JCI AND ASTEC MOBILE SCREENS PROVIDES ENHANCED ON-SITE MANEUVERABILITY AND UNMATCHED DURABILITY IN AN EXCEPTIONALLY ENGINEERED PRODUCT.

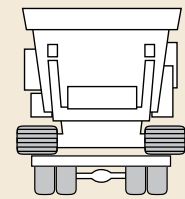

TRACK-MOUNTED EQUIPMENT

Our track-mounted equipment includes our industry-leading crushing and screening equipment.

On-site maneuverability is a must.

Track-mounted equipment is designed to be easily moved in and out of tight spots on your job site. And when the times comes to change job sites, simply load it up and go.

SIMPLY LOAD AND GO
TO CHANGE JOB SITES

Flexibility is the name of the game.

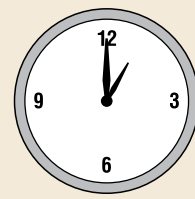

You never know what the job may call for. We had that in mind when we designed our track-mounted machines.

FLEXIBILITY
USE WITH MULTIPLE MATERIALS

Up-time is vital to your bottom line.

Because our track-mounted machines are self-contained, they arrive on site ready to work. Just drive off the trailer and start working.

READY TO WORK
MAXIMUM UP TIME

"My track-mounted equipment is every bit as durable and productive as a wheel-mounted unit... with the added bonus of being able to move it with ease to get a job done. That's been a big, big plus for us."

- Jack Waldrop, Sales/Production Manager
LS Sand and Gravel LTD, Amarillo, Texas

FOUNDED ON TOUGHNESS.

The expert professionals at KPI-JCI and Astec Mobile Screens are at the heart of every piece of machinery we manufacture. After decades in the business, we've taken a product leadership position based on the quality, reliability and productivity of our crushing, screening, material handling and other equipment.

That leadership is on display here. The innovative new technologies in these products combine to provide the most profitable and productive systems available today. All with the toughness and reliability you've come to expect from KPI-JCI and Astec Mobile Screens.

TOUGH THEN. TOUGHER NOW.
