Because KPI-JCI and Astec Mobile Screens may use in its catalog & literature, field photographs of its products which may have been modified by the owners, products furnished by KPI-JCI and Astec Mobile Screens may not necessarily be as illustrated herein. Also continuous design progress makes it necessary that specifications be subject to change without notice. All sales of the products of KPI-JCI and Astec Mobile Screens are subject to the provisions of its standard warranty. KPI-JCI and Astec Mobile Screens does not warrant or represent that its products meet any federal, state, or local statutes, codes, ordinances, rules, standards or other regulations, including OSHA and MSHAGATOR, covering safety pollution, electrical, wiring, etc. Compliance with these statutes and regulations is the responsibility of the user and will be dependent upon the area and the use to which the product is put by the user. In some photographs, guards may have been removed for illustrative purposes only. This equipment should not be operated without all guards attached in their normal position. Placement of guards and other safety equipment is often dependent upon the area and the use to which the product is put. A safety study should be made by the user of the application, and, if required, additional guards, warning signs and other safety devices should be installed by the user, wherever appropriate before operating the products.  
NOTE: SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

## THE FLEXIBILITY TO GROW WITH YOU.

No one can predict the future, but it's important you plan for it. In your business, that means employing machinery versatile enough to handle multiple applications, compatible with associated systems, and rugged enough to handle the harsh conditions and punishing demands of the job.

This is exactly what KPI-JCI and Astec Mobile Screens have built in their new line of Global Track Plants. When the same series of plants are also affordable and easy to use, you have a product line that can have significant impact on your job site and on your bottom line.

AGGREGATE AND MINING GROUP

THE GLOBAL TRACK SERIES FROM KPI-JCI AND ASTEC MOBILE SCREENS IS DESIGNED TO OFFER THE INDUSTRY-LEADING CRUSHING AND SCREENING POWER YOU EXPECT IN PORTABLE, COMPATIBLE AND EASY-TO-USE CONFIGURATIONS.

**GLOBAL TRACK SERIES**

**CHOOSE THE GLOBAL TRACK SERIES WHEN:**

**Easy transport is a necessity.**

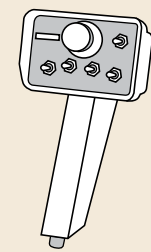

Global Track series machines are slimmer and lighter, making them easy to transport on narrow roads.

**EASY TO TRANSPORT**  
ON NARROW ROADS

**Safety and simple operation is vital.**

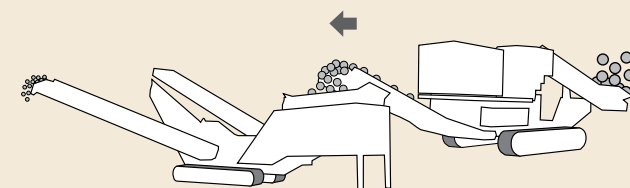

Global Track machinery is designed for use by anyone from a novice to a seasoned professional. Ease-of-use and top-notch safety standards are central design features of all Global Track plants, rather than afterthoughts.

**EASY TO USE**  
WITH UNTETHERED  
REMOTE

**Compatible equals profitable.**

All Global Track systems are designed to be 100% compatible with each other. Combine them to build the perfect system for your operation.

**100% COMPATIBLE**  
WITH EACH OTHER

*Global Track Equipment is versatile enough to handle multiple applications, compatible with associated systems, and rugged enough to handle the harsh conditions and punishing demands of any job.*

**FOUNDED ON TOUGHNESS.**

The expert professionals at KPI-JCI and Astec Mobile Screens are at the heart of every piece of machinery we manufacture. After decades in the business, we've taken a product leadership position based on the quality, reliability and productivity of our crushing, screening, material handling and other equipment.

That leadership is on display here. The innovative new technologies in these products combine to provide the most profitable and productive systems available today. All with the toughness and reliability you've come to expect from KPI-JCI and Astec Mobile Screens.

**TOUGH THEN. TOUGHER NOW.**
