

2019 Service Application School

December 10th – December 12th | Kolberg-Pioneer | Yankton, SD

Course Description:

This three-day classroom course will prepare attendees for real-life, troubleshooting and problem solving situations to prevent further failures of components. Taught by both the service and application sales departments, participants will be educated on proper application as it translates to the root cause of mechanical interruptions and problem prevention. Attendees will also have the opportunity to network with PRO training experts from KPI-JCI and Astec Mobile Screens.

Early Bird Registration: November 22nd, 2019

Tuition fee:

Regular Rate: \$399 per person. Early birds that register before November 22nd will be charged a reduced rate of \$299.

Billing

Dealers with credit accounts with the factory may use a Purchase Order number (PO) for billing. Customers attending classes will be billed through the servicing dealer or credit card for those that do not have a dealer. If credit card billing is preferred, please make a note in the registration form with contact info so the hosting factory can reach you for credit card information.
