

Guidelines for Regional Training or Dealer Location Training

KPI-JCI and Astec Mobile Screens has built a solid foundation for our dealer training with the introduction of the PRO Training program. This training has evolved and is now the future of our training at KPI-JCI and Astec Mobile Screens. The PRO Training events are held on predetermined dates at the KPI-JCI and Astec Mobile Screens factories in Eugene, Ore., Yankton, S.D., and Sterling, Ill.

By attending a factory-located PRO Training event, you will participate in training with various expert personnel from our service, sales and engineering departments with ready access to KPI-JCI and Astec Mobile Screens equipment and parts. Factory tours are also a scheduled portion of the PRO Training events and provide you a behind-the-scenes look at how and where our products are manufactured. The ability to network with factory personnel and learn from other dealer representatives is an invaluable added benefit to your attendance at a factory PRO Training event.

While we strongly encourage you to attend one of our scheduled factory PRO Training events, we do understand that situations may arise where dealer location or regional training outside of the scheduled factory training is necessary. These types of trainings necessitate unscheduled personal attention by KPI-JCI and Astec Mobile Screens staff. Therefore, we will begin charging for these types of trainings effective immediately.

Guidelines for Regional or Dealer Location Training

Training Cost: \$1,000 per day / per KPI-JCI and Astec Mobile Screens Trainer

Reimbursement to KPI-JCI and Astec Mobile Screens for Travel Expenses: Hotel/Airfare/Transportation/ Meals

Minimum Attendance (for Fee Waiver): Attendees must be represented from three separate dealerships

We understand that timing of our factory-located schools are not always conducive to dealer and customer schedules. We offer factory-located, non-scheduled PRO Training at the following rates:

Guidelines for Non-Scheduled PRO Dealer Training (at Factory Locations)

Training Cost / Attendee

10-14 attendees: \$399 / Attendee

15-20 Attendees: \$299 / Attendee

21+ Attendees: \$200 / Attendee
